New	Forum	Categor	ies

Posted by crystalcross - 28 Mar 2011 22:01

Once again we've added entirely new branch of categories to our Forums.

There is now an area dedicated to Sensitives. Those individuals with a special connection to the other side or to things unseen. Please make sure to welcome all the sensitives among us.

By the way, we're looking for someone to Moderate that area. If interested, please send me a private note. Just click on my profile name. (You must be registered)
