Testing sound cloud embed Posted by crystalcross - 14 Aug 2011 16:55
Just to let everyone know, I'm working on a way to embed soundcloud recordings within Forum posts.
[soundcloud soundcloud.com/ghosts-3/evp1]
To add a soundcloud file to a Form post, simply add the following code
[soundcloud [url of the sound cloud file webpage]}
Re: Testing sound cloud embed Posted by Grupo Alpha - 14 Aug 2011 23:06
lt's a great idea friend. I love it. Also use a "carrier" in EVP recordings usually give some great results
